

Foundation Stage Results Summer 2025

This is in line with national 2024 but we have two EHCP children and one going through the process of getting an EHCP which have skewed our data.

67%	67%

Phonics Assessment Summer 2025

In Y1 our results have continued to improve, and we have daily additional support for those children who are just below the standard. Only two children were significantly below the standard.

	YFPS 2025	NA 2024
25/25 (full marks)	34.2%	33%
Average mean	20.7	22.7

Our average score was slightly lower than 2024 national, although we have ten children in a small SEND provision in this year group.

End of Summer KS2 assessment 2025

KS2 data is

Writing is significantly higher than last year's national average and we have a very high number of children achieving greater depth in writing. We have had very positive results in reading which shows the impact of our approach to teaching this subject.
