

**'At Yealmpstone Farm Primary School we promote equality between all people recognising the Equality Act 2010'**

## **Yealmpstone Farm Primary School Food Policy**

**Rationale: To provide a consistent message about the values of a well balanced, healthy diet**

### **Aims:**

Proper nutrition is essential for good health and effective learning.

We aim to:

- provide a consistent programme of cross-curricular nutrition education that enables pupils to make informed choices without guilt or anxiety.
- provide a 'whole school, whole day' approach to nutrition that makes the 'healthier choices, easier choices'.
- work in partnership with catering staff to ensure that nutritional standards are implemented by providing attractive, value for money meals that are appropriate to local needs.
- work in partnership to achieve a pleasant and sociable dining experience which enhances the social development of each pupil.
- Involve pupils and parents in all decision making.

### **We aim to promote healthy & balanced eating by:**

- encouraging pupils to choose a variety of foods to ensure a balanced intake in line with the national nutrition guide – 'The Balance of Good Health' and the new nutritional standards.
- encouraging foods which are rich in vitamins, iron and calcium, in particular fruit, vegetables, meat, beans, bread and low fat dairy products.
- encouraging starchy foods as a source of energy (such as bread, pasta, rice and potatoes) rather than fatty foods.
- encouraging fruit juices, lower fat milk and sugar-free drinks.
- discouraging sugary drinks and less healthy snacks between meals.

## **School Catering:**

We believe that the subtle messages that pupils receive about food and health from the daily life of school are as important as those given during lessons, eg school menus, peer pressure to eat certain snacks in packed lunches. By working together, we promote healthier eating habits.

- School lunchtime menus are provided by Plymouth City Council's Education Catering Service. Local preferences are considered within the framework of the nutritional standards.
- Termly theme days are linked to curriculum areas or calendar events.
- All children are given a portion of vegetables as part of their meals. They are encouraged to try some, even if it is a small portion.
- Due to the large difference in calorie requirements between infants and juniors, portion sizes are adjusted accordingly.

## **Packed Lunches:**

A guidance is given to parents when their child starts school.

### ***Example***

Packed lunches should include some fruit or vegetable eg piece of fruit or fruit juice, dried fruit, cherry tomato, raw carrot, cucumber wedge. Sweets, sugary drinks and chocolate should not be included. Diluted fruit juice in a screw top bottle is cheaper and easier to manage than prepared drinks. The school provides a suitable storage area for lunch boxes. All waste and uneaten food is returned in the lunch box so that parents know what has been eaten.

## **Mid-morning Snack:**

In consultation with parents it has been agreed that the only snack children can bring to school is fruit, raw vegetable or cheese.

## **School Tuck Shop:**

This is run by the catering staff and normally offers fruit juice, milk, fruit, crackers, cheese, and dried fruit.

## **Drinks Policy**

- Children are encouraged to drink water at school at all times and particularly after PE, active play and in hot weather.
- Every child in the school has their own water bottle provided by the school, which is available for them at any time.

## **School Ethos, Environment and Organisation:**

The school recognises:

- the importance of lunchtime organisation on the behaviour of pupils.  
(This will inform OFSTED inspections).
- the value of promoting social skills.

Teachers, caterers and lunchtime organisers work together to create a good dining room ambience and the development of appropriate table manners.

A free school meal is funded by the school for teachers who perform a duty at lunchtime.

Non-teaching staff are supported by the school behaviour policy.

All foundation children are encouraged to have school meals to support the development of social skills and to promote acceptance of a wide range of foods.

## **Free School Meals:**

The school recognises the particular value of school meals to children from low-income families. The system for free school meals is actively promoted to parents by the school and a non-discriminatory process is emphasised.

## **Treats and Rewards:**

To ensure consistent messages, sweets are not used as rewards. To market healthy eating and good manners, healthy behaviour is rewarded with golden tokens given out at lunchtimes by M.T.A.s.

## **Curriculum, Teaching and Learning:**

- The National Nutrition Guide – ‘The Balance of Good Health’ is used across the curriculum. Pupils are given the opportunity to apply this to school meals/packed lunches.
- Pupils are given the opportunity to taste, touch, smell and feel a variety of foods.
- Multicultural aspects of food are explored and linked with school meal theme days.
- Parents are encouraged to join in classroom cooking sessions.
- We are covering ECM agenda.

- KSI children are encouraged to try a variety of fruits within the 'fruits for schools' programme.

### **Parental Involvement:**

- All new parents are given an induction programme which gives them the options available for school meals/packed lunches, nutrition, etc.
- Information about school catering is provided at parent's evenings and in school newsletters eg menus, theme days, and free school meals.
- Parents and governors are invited into school to eat lunch with children.
- Feedback from parents is invited in newsletters, via PTA or governors.
- Healthy options now available at all KS school discos.
